Niagara Falls, NY 14304-0231

Dear Chairman Principi and BRAC Commissioners:

I am extremely concerned by the Defense Department's recommendation to close the Niagara Falls Air Force Reserve Base. This recommendation is a terrible mistake and I urge the BRAC Commission to reverse this decision and remove the Niagara Falls Base from the list.

It is hard to understand why the Air Force has decided to take planes, missions and jobs away from so many Air Guard and Air Reserve bases and put them on more costly Active Duty bases. Of all the bases to pick to close, how do you close the base whose unit helped rescue Jessica Lynch in Iraq because they are the lead night vision C-130 unit in the Reserves? You must also recognize:

- The federal government has invested more than \$35 million in Niagara falls since 1995 in new facilities
- Base operations Support costs have been reduced more than 33% (to include a 25% reduction in utilities) to make the base one of the most cost-efficient facilities in the Air Force Reserve Command.
- Closure of the base eliminates the ability to recruit and retain New Yorkers in a region in which the units have both maintained in excess of 100% manning rates.
- Niagara Falls existing infrastructure can accommodate eight (8) additional C-130H model aircraft without any military construction.
- Niagara Falls faces no physical encroachment or air traffic control constraints and has acreage on the base and adjacent to the installation for expansion.

(Niagara Falls Air Base cont.)

I urge the Commission, in the strongest and most serious possible terms, to remove the Niagara Falls Air Force Base from the Pentagon's recommended list of base closures and to stop the continuing retreat from our region of the country.

I would be remiss if I did not mention the tragic economic impact it would have on an already economically distressed area such as we have in Western New York. The repercussions would be immeasurable. I trust you will think seriously about the factors involved and not strike another blow to Western New York

Sincerely,

Jack E. Gallagher
Mayor
