HONORABLE HANSEN, SIR

I am 13-years old and the only two places I've lived are Clovis, New Mexico and Honolulu, Hawaii. While I loved living in Hawaii, it was not my home; Clovis is! I have attention deficit hyperactivity disorder (ADHD), so I do not adjust to moves very easily. My family and I moved to Hawaii in the middle of my first grade school year. It took me almost 3 years before I adjusted, not only to the school, but to the actual move. My daddy even did a remote to Korea so I could stay another year in the same place to try and improve on my grades and get treatment for my ADHD. In the end the one thing that helped me with my ADHD was moving back to Clovis, my house that I'd know since I was 9-months old, the church family I'd grown up in, the community I'd known most of my life, and coming home to the friends that have become my family.

I'm going to a Brooks Family reunion in 3 weeks and I'll see blood relatives for the second time in my young 13-years. I'm closer to my Clovis family than I am to my real family, yet that bond is threatened to be torn apart with Cannon's proposed closure. My mom is helping me write this because it's too hard for me to express my emotions. There's a lady in my church that I call Memaw and I'm closer to her than I am my real grandmother because I see her every Sunday/Wednesday at church. We go to her house to play with the kittens and she comes to our house to visit all the time. She's right here to love on us and take care of us. That won't happen if we have to move. My mom is best friends with one of the youth ministers from our church and it will just rip her heart out if we have to move away. My "Auntie Mary" works at the base, what will happen to her? My mom and dad wanted to retire here, what will happen to them? My friends don't want me to leave, I don't want to leave.

I can't talk a lot about the military stuff; I'm just a child, so all I can talk about is the stuff that affects me. This is a safe place to grow up and the people love us back. Please don't take Cannon Air Force Base away; please don't take away our home!

Sincerely,

TOREY A. BROOKS
