BRAC Commission

In regards to: Willow Grove Air Reserve Station

AUG 25 2005

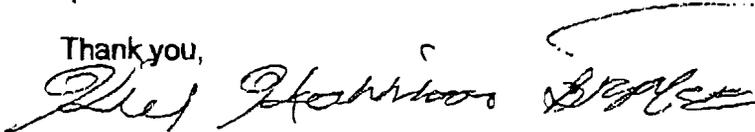

BRAC COMMISSION
2521 S. Clark Street, Suite 600
Arlington, VA 22202

Received

Dear BRAC COMMISSION,

I would like to thank you for taking time to read this letter. My name is Kiel Harrison Sigafoos and I am a 19 year old College Student who is trying to support my local Base. Willow Grove Air Reserve Station is the base that I am trying to save. My Father has been working there even before I was born. I feel that Willow Grove Air Reserve Station is almost my second home. When I heard about Willow Grove being on the possible closure list I knew that my father wasn't able to do anything, so I had to act immediately. I quickly printed out petitions that I created and got as many signatures that I was able to. Attached you will find the letter that I sent to President Bush which I would like you to read as well as a reproduced (copied) sheets of signatures that I had citizens sign. Once again I would like to thank you for taking your time to read this and please don't hesitate to contact me if you have any questions.

Thank you,

Kiel Harrison Sigafoos

August 25, 2005

The White House
1600 Pennsylvania Avenue, NW
Washington, DC 20500

Attention: President Bush and/or Vice President Cheney.

The White House,

President Bush or Vice President Cheney, I would like to introduce myself. My name is Kiel Sigafoos, I am a 19 year old registered Republican who is proud to say that I voted in the 2004 election. I was a big supporter throughout your 2004 campaign. I sent out many notices for residents to register to vote as well as volunteered my time to work at a voting booth the day of the elections. I also got to experience your great speech in Newtown/Yardley P.A. at the farm site. After your speech that night, I was convinced that I was a Republican.

One issue that you are dealing with now is the base closures. I'm sure you have gotten many mailings from Citizens asking to keep their area base open however I would like to give you a few perspectives on how Willow Grove stands out differently. Willow Grove is a great community partner. On December 25th of 2001 my sister and two of her classmates as well as my mother and myself went to Willow Grove and delivered over five dozen cookies to the squadron that my Father works at. These cookies were special because my sisters 5th grade class baked them for the men and women who had to work on Christmas Day. The students also made cards for the Men and Women thanking them for everything that they do. Spring of 2002 some of the members of this squadron visited the 5th grade class at Jamison Elementary. The men and women thanked the students in person for what they had done and how much it was appreciated. Willow Grove also puts on a great Air Show. I have also volunteered my time there and I cannot believe the turn out that they get. Willow Grove always makes sure that they get the best entertainment. This past Air Show they had the County group Lone Star, and of course the Blue Angels. Willow Grove of course does its military duty for their country, but as you read above they are a great asset to our area.

When I heard that Willow Grove was on the list of possible closures I quickly acted. Since no forms were available at that time I made my own. Over the past few months I took my clipboard with me and tried to get as many signatures possible. Although my father works at Willow Grove I made sure that I did all of this work on my own. Another reason to keep this Base is because when you come to the Bucks County area you use Willow Grove to land and take off at. Mr President and Mr Vice President all I can say now is that this matter is in your hands right now and I know you will make the right decision.

I ask that if you have any questions please contact me. Thank you for keeping America safe you are in our thoughts and prayers everyday, God Bless America!

Thank you,

Kiel Harrison Sigafos

The White House,

President Bush or Vice President Cheney, I would like to introduce myself. My name is Kiel Sigafoos, I am a 19 year old registered Republican who is proud to say that I voted in the 2004 election. I was a big supporter throughout your 2004 campaign. I sent out many notices for residents to register to vote as well as volunteered my time to work at a voting booth the day of the elections. I also got to experience your great speech in Newtown/Yardley P.A. at the farm site. After your speech that night, I was convinced that I was a Republican.

One issue that you are dealing with now is the base closures. I'm sure you have gotten many mailings from Citizens asking to keep their area base open however I would like to give you a few perspectives on how Willow Grove stands out differently. Willow Grove is a great community partner. On December 25th of 2001 my sister and two of her classmates as well as my mother and myself went to Willow Grove and delivered over five dozen cookies to the squadron that my Father works at. These cookies were special because my sisters 5th grade class baked them for the men and women who had to work on Christmas Day. The students also made cards for the Men and Women thanking them for everything that they do. Spring of 2002 some of the members of this squadron visited the 5th grade class at Jamison Elementary, The men and women thanked the students in person for what they had done and how much it was appreciated. Willow Grove also puts on a great Air Show. I have also volunteered my time there and I cannot believe the turn out that they get. Willow Grove always makes sure that they get the best entertainment. This past Air Show they had the County group Lone Star, and of course the Blue Angels. Willow Grove of course does its military duty for their country, but as you read above they are a great asset to our area.

When I heard that Willow Grove was on the list of possible closures I quickly acted. Since no forms were available at that time I made my own. Over the past few months I took my clipboard with me and tried to get as many signatures possible. Although my father works at Willow Grove I made sure that I did all of this work on my own. Another reason to keep this Base is because when you come to the Bucks County area you use Willow Grove to land and take off at. Mr President and Mr Vice President all I can say now is that this matter is in your hands right now and I know you will make the right decision.

I ask that if you have any questions please contact me. Thank you for keeping America safe you are in our thoughts and prayers everyday, God Bless America!

Thank you,

Kiel Hamison Sigafos
