

## Economic Impact Report

This report depicts the economic impact of the following Scenarios:

ET 0004R: Navy Supply Training Newport RI

The data in this report is rolled up by Region of Influence

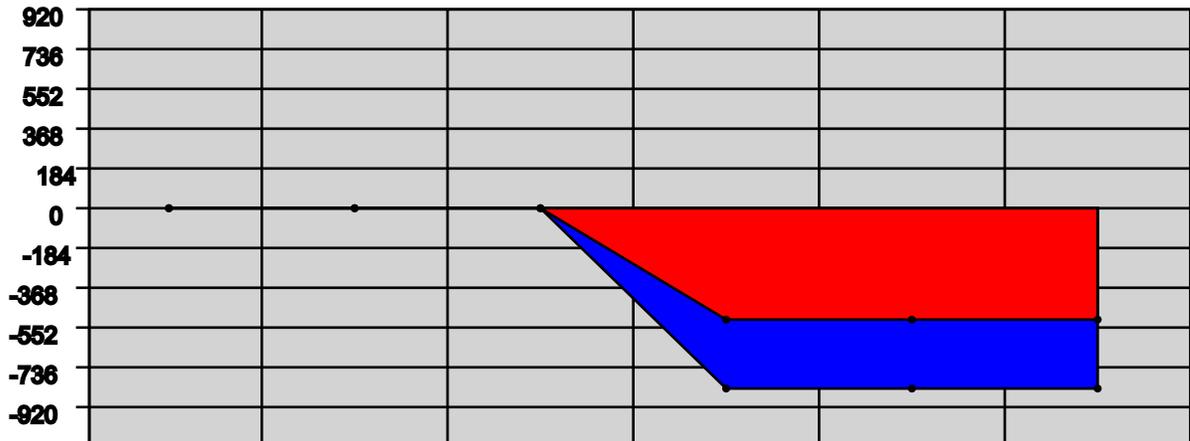

ECONOMIC IMPACT DATA

**Scenario:** All Selected (see title page)  
**Economic Region of Influence(ROI):** Athens-Clarke County, GA Metropolitan Statistical Area  
**Base:** All Bases  
**Action:** All Actions

**Overall Economic Impact of Proposed BRAC-05 Action:**

ROI Population (2002):	170,012
ROI Employment (2002):	96,829
Authorized Manpower (2005):	476
Authorized Manpower(2005) / ROI Employment(2002):	0.49%
Total Estimated Job Change:	-837
Total Estimated Job Change / ROI Employment(2002):	-0.86%

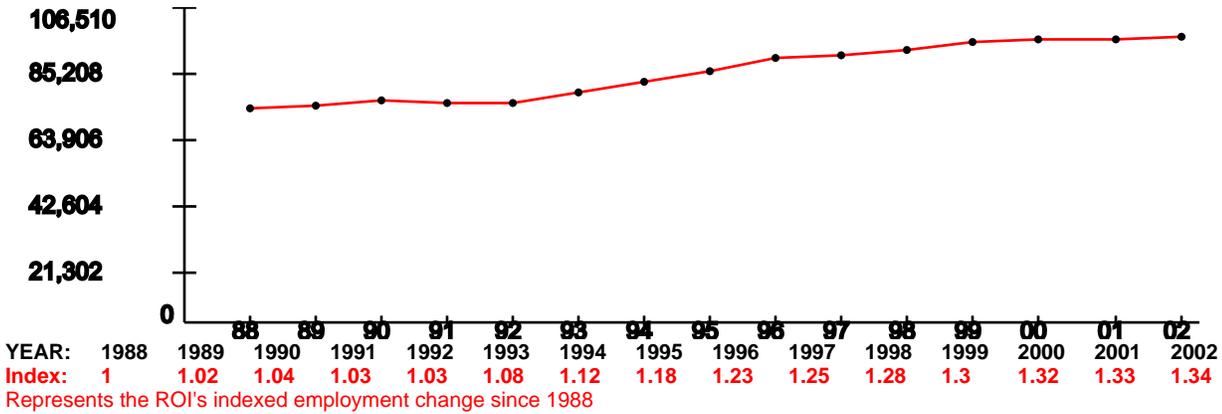

**Cumulative Job Change (Gain/Loss) Over Time:**

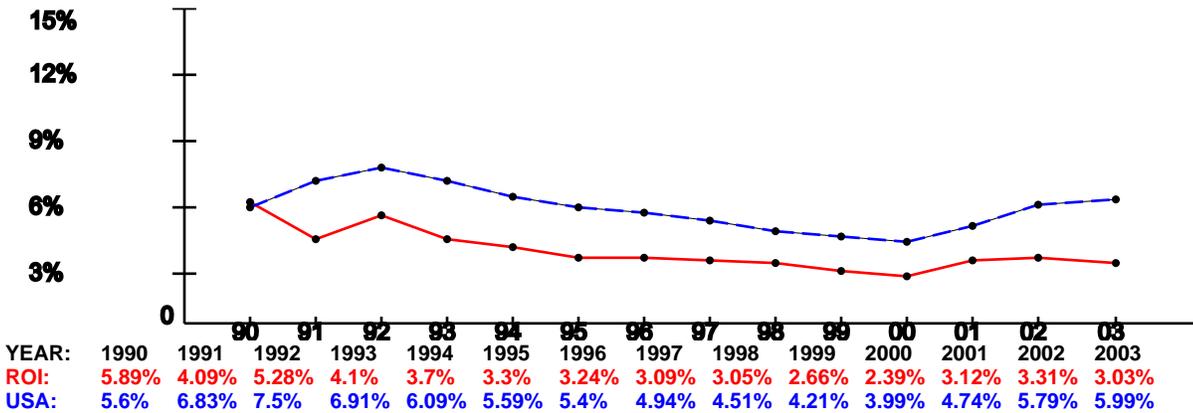

YEAR:	2006	2007	2008	2009	2010	2011
<b>Direct Military:</b>	0	0	0	-144	0	0
<b>Direct Civllian:</b>	0	0	0	-108	0	0
<b>Direct Student:</b>	0	0	0	-249	0	0
<b>Direct Contractor:</b>	0	0	0	-16	0	0
<b>Cumulative Direc:</b>	0	0	0	-517	-517	-517
<b>Cum Indlr/Induc:</b>	0	0	0	-320	-320	-320
<b>Cumulative Total:</b>	0	0	0	-837	-837	-837

Athens-Clarke County, GA Metropolitan Statistical Area Trend Data

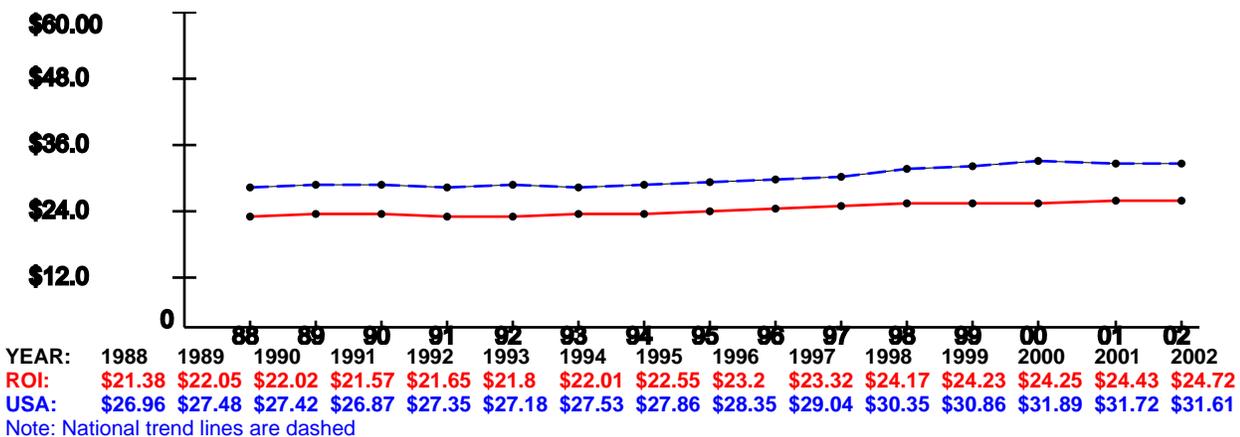

**Employment Trend (1988-2002)**

**Unemployment Percentage Trend (1990-2003)**

**Per Capita Income x \$1,000 (1988-2002)**

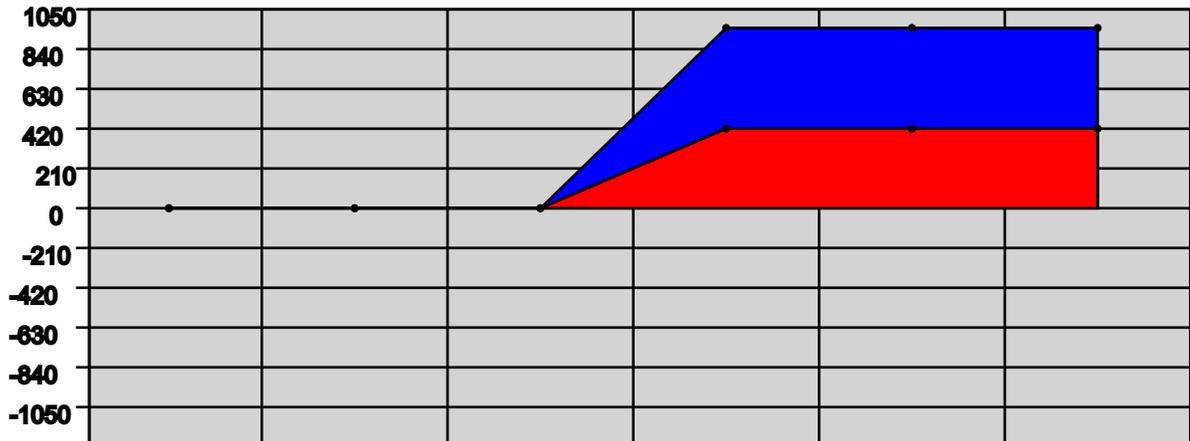

ECONOMIC IMPACT DATA

**Scenario:** All Selected (see title page)  
**Economic Region of Influence(ROI):** Providence-New Bedford-Fall River, RI-MA Metropolitan Statistical Area  
**Base:** All Bases  
**Action:** All Actions

**Overall Economic Impact of Proposed BRAC-05 Action:**

ROI Population (2002): 1,612,048  
 ROI Employment (2002): 864,734  
 Authorized Manpower (2005): 24,266  
 Authorized Manpower(2005) / ROI Employment(2002): 2.81%  
 Total Estimated Job Change: 957  
 Total Estimated Job Change / ROI Employment(2002): 0.11%

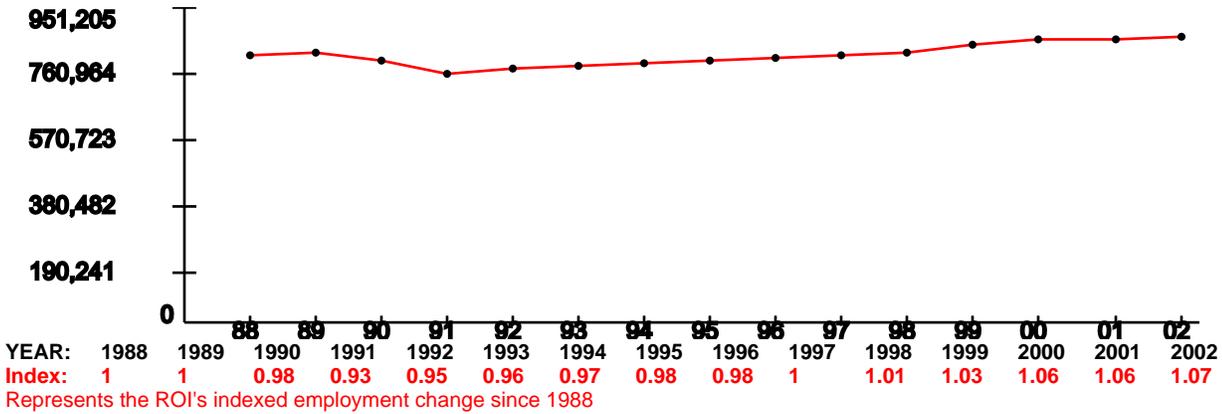

**Cumulative Job Change (Gain/Loss) Over Time:**

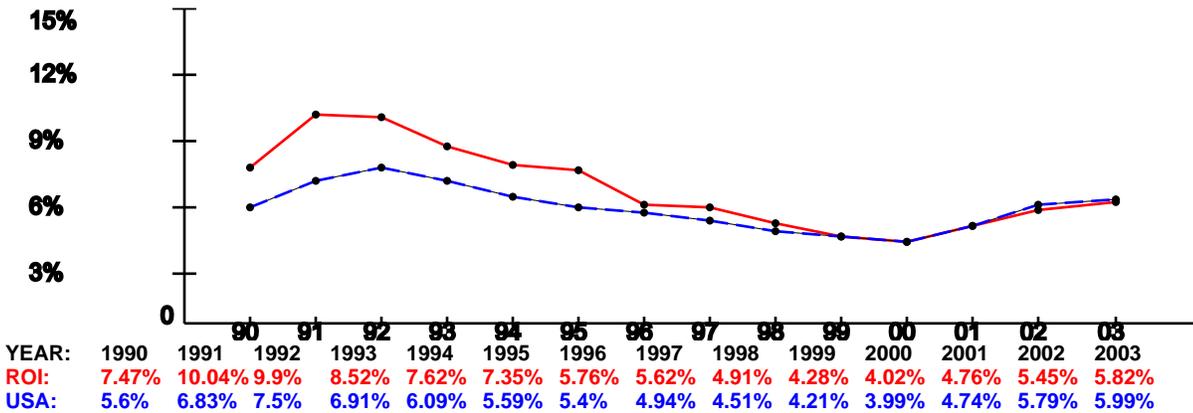

YEAR:	2006	2007	2008	2009	2010	2011

# NAVSCSCOL\_ATHENS\_GA, GA

## Demographics

The following tables provide a short description of the area near the installation/activity. NAVSCSCOL\_ATHENS\_GA is within Athens, GA, the nearest city with a population of 100,000 or more. The nearest metropolitan statistical area (MSA) is

MSA	Population
Athens, GA MSA	153,444

The following entities comprise the military housing area (MHA):

County/City	Population
Clarke	101489
Greene	14406
Oconee	26225
Oglethorpe	12635
Total	154,755

## Child Care

This attribute captures the number of nationally accredited child-care centers within the local community: 4

## Cost of Living

Cost of Living provides a relative measure of cost of living in the local community. General Schedule (GS) Locality Pay provides a relative scale to compare local salaries with government salaries and Basic Allowance for Housing (BAH) is an indicator of the local rental market. In-state tuition is an indicator of the support provided by the state for active duty family members to participate in higher-level education opportunities.

Median Household Income (US Avg \$41,994)	\$33,416	Basis: MSA
Median House Value (US Avg \$119,600)	\$114,900	
GS Locality Pay ("Rest of US" 10.9%)	10.9%	
O-3 with Dependents BAH Rate	\$1,202	
In-state Tuition for Family Member	Yes	
In-state Tuition Continues if Member PCSs Out of State	Yes	

## Education

This attribute defines the population in local school districts and identifies capacity. The pupil/teacher ratio, graduation rate, percentage of certified teachers and composite SAT I/ACT scores provide a relative quality indicator of education. This attribute also attempts to give communities credit for the potential intellectual capital they provide.

NOTE: “MFR” means a Memorandum For Record is on file at the installation/activity/agency to document problems in obtaining the required information. Reasons for not being able to obtain information may be that the school district refused to provide the information or the school district does not use or track the information.

If the installation/activity/agency has incomplete information from the local school system in order to accurately compute a score in this area, the number of school districts reporting information will be captured in addition to the computed answer.

		Basis
School District(s) Capacity	58,083	7 of 7 districts
Students Enrolled	48,403	7 of 7 districts
Average Pupil/Teacher Ratio	14.8:1	7 of 7 districts
High School Students Enrolled	13,527	7 of 7 districts
Average High School Graduation Rate (US Avg 67.3%)	94.0%	7 of 7 districts
Average Composite SAT I Score (US Avg 1026)	979	7 of 7 districts
Average ACT Score (US Avg 20.8)	19	7 of 7 districts
Available Graduate/PhD Programs	2	
Available Colleges and/or Universities	3	
Available Vocational and/or Technical Schools	4	

## Employment

Unemployment and job growth rates provide a relative merit of job availability in the local community. National rates from the Bureau of Labor Statistics are also provided.

The unemployment rates for the last five-years:

	1999	2000	2001	2002	2003
Local Data	2.6%	2.4%	3.1%	3.2%	3.0%
National	4.2%	4.0%	4.7%	5.8%	6.0%
Basis:	MSA	MSA	MSA	MSA	MSA

The annual job growth rate for the last five-years:

	1999	2000	2001	2002	2003
Local Data	-.5%	1.2%	-1.4%	2.0%	4.6%
National	1.5%	2.4%	.03%	-.31%	.86%
Basis:	MSA	MSA	MSA	MSA	MSA

## Housing

This attribute provides an indication of availability of housing, both sales and rental, in the local community. Note: according to the 2000 Census, Vacant Sale and Vacant Rental Units do not equal Total Vacant Housing Units; Total Vacant Housing Units may also include units that are vacant but not on the market for sale or rent.

Total Vacant Housing Units	3,617	Basis: MSA
Vacant Sale Units	603	
Vacant Rental Units	1,637	

## Medical Providers

This attribute provides an indicator of availability of medical care for military and DoD civilians in the local community. The table reflects the raw number of physicians/beds and ratio of physicians/beds to population.

	# Physicians	# Beds	Population	
Local Community	617	339	153,444	Basis: MSA
Ratio	1:249	1:453		
National Ratio (2003)	1:421.2	1:373.7		

## Safety/Crime

The local community's Uniform Crime Reports (UCR) Index for 2002 per 100,000 people and the national UCR based on information from the Federal Bureau of Investigation (FBI) for 2002:

Local UCR	5,324.4	Basis: MSA
National UCR	4,118.8	

## Transportation

Distance to an airport shows convenience and availability of airline transportation. Public transportation shows potential for members and DoD civilians to use it to commute to/from work under normal circumstances and for leisure.

Distance from NAVSCSCOL\_ATHENS\_GA to nearest commercial airport: 79.0 miles  
Is NAVSCSCOL\_ATHENS\_GA served by regularly scheduled public transportation?

Yes

## Utilities

This attribute identifies a local community's water and sewer systems' ability to receive 1,000 additional people.

Does the local community's water system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

Does the local community's sewer system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

# COMNAVDIST\_WASHINGTON\_DC, DC

## Demographics

The following tables provide a short description of the area near the installation/activity. COMNAVDIST\_WASHINGTON\_DC is within Washington, DC, the nearest city with a population of 100,000 or more. The nearest metropolitan statistical area (MSA) is

MSA	Population
Washington, DC-MD-VA-WV PMSA	4,923,153

The following entities comprise the military housing area (MHA):

County/City	Population
Alexandria City	128283
Arlington	189453
District Of Columbia	572059
Fairfax	969749
Falls Church City	10377
Montgomery	873341
Prince George's	801515
<b>Total</b>	<b>3,544,777</b>

## Child Care

This attribute captures the number of nationally accredited child-care centers within the local community: 170

## Cost of Living

Cost of Living provides a relative measure of cost of living in the local community. General Schedule (GS) Locality Pay provides a relative scale to compare local salaries with government salaries and Basic Allowance for Housing (BAH) is an indicator of the local rental market. In-state tuition is an indicator of the support provided by the state for active duty family members to participate in higher-level education opportunities.

Median Household Income	(US Avg \$41,994)	\$57,291	Basis: MSA
Median House Value	(US Avg \$119,600)	\$161,600	
GS Locality Pay	("Rest of US" 10.9%)	14.6%	
O-3 with Dependents BAH Rate		\$2,006	
In-state Tuition for Family Member		No	
In-state Tuition Continues if Member PCSs Out of State		No	

## Education

This attribute defines the population in local school districts and identifies capacity. The pupil/teacher ratio, graduation rate, percentage of certified teachers and composite SAT I/ACT scores provide a relative quality indicator of education. This attribute also attempts to give communities credit for the potential intellectual capital they provide.

NOTE: “MFR” means a Memorandum For Record is on file at the installation/activity/agency to document problems in obtaining the required information. Reasons for not being able to obtain information may be that the school district refused to provide the information or the school district does not use or track the information.

If the installation/activity/agency has incomplete information from the local school system in order to accurately compute a score in this area, the number of school districts reporting information will be captured in addition to the computed answer.

		Basis
School District(s) Capacity	733,042	7 of 7 districts
Students Enrolled	531,782	7 of 7 districts
Average Pupil/Teacher Ratio	18.5:1	7 of 7 districts
High School Students Enrolled	158,850	7 of 7 districts
Average High School Graduation Rate (US Avg 67.3%)	86.9%	7 of 7 districts
Average Composite SAT I Score (US Avg 1026)	1016	7 of 7 districts
Average ACT Score (US Avg 20.8)	99999	7 of 7 districts
Available Graduate/PhD Programs	46	
Available Colleges and/or Universities	69	
Available Vocational and/or Technical Schools	29	

## Employment

Unemployment and job growth rates provide a relative merit of job availability in the local community. National rates from the Bureau of Labor Statistics are also provided.

The unemployment rates for the last five-years:

	1999	2000	2001	2002	2003
Local Data	2.6%	2.4%	3.1%	3.7%	3.5%
National	4.2%	4.0%	4.7%	5.8%	6.0%
Basis:	MSA	MSA	MSA	MSA	MSA

The annual job growth rate for the last five-years:

	1999	2000	2001	2002	2003
Local Data	3.3%	3.0%	1.6%	.9%	1.0%
National	1.5%	2.4%	.03%	-.31%	.86%
Basis:	MSA	MSA	MSA	MSA	MSA

## Housing

This attribute provides an indication of availability of housing, both sales and rental, in the local community. Note: according to the 2000 Census, Vacant Sale and Vacant Rental Units do not equal Total Vacant Housing Units; Total Vacant Housing Units may also include units that are vacant but not on the market for sale or rent.

Total Vacant Housing Units	94,577	Basis: MSA
Vacant Sale Units	19,464	
Vacant Rental Units	29,918	

## Medical Providers

This attribute provides an indicator of availability of medical care for military and DoD civilians in the local community. The table reflects the raw number of physicians/beds and ratio of physicians/beds to population.

	# Physicians	# Beds	Population	
Local Community	9,031	15,667	4,923,153	Basis: MSA
Ratio	1:545	1:314		
National Ratio (2003)	1:421.2	1:373.7		

## Safety/Crime

The local community's Uniform Crime Reports (UCR) Index for 2002 per 100,000 people and the national UCR based on information from the Federal Bureau of Investigation (FBI) for 2002:

Local UCR	4,047.1	Basis: MSA
National UCR	4,118.8	

## Transportation

Distance to an airport shows convenience and availability of airline transportation. Public transportation shows potential for members and DoD civilians to use it to commute to/from work under normal circumstances and for leisure.

Distance from COMNAVDIST\_WASHINGTON\_DC to nearest commercial airport: 3.7 miles  
 Is COMNAVDIST\_WASHINGTON\_DC served by regularly scheduled public transportation? Yes

## Utilities

This attribute identifies a local community's water and sewer systems' ability to receive 1,000 additional people.

Does the local community's water system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

Does the local community's sewer system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

DRAFT DELIBERATIVE DOCUMENT - FOR DISCUSSION PURPOSES ONLY - NOT  
RELEASABLE UNDER FOIA

*This document may contain information protected from disclosure by public law, regulations or orders.*

# NAVSTA\_NEWPORT\_RI, RI

## Demographics

The following tables provide a short description of the area near the installation/activity. NAVSTA\_NEWPORT\_RI is 32 miles from Providence, RI, the nearest city with a population of 100,000 or more. The nearest metropolitan statistical area (MSA) is

MSA	Population
Providence-Fall River-Warwick, RI-MA	1,188,613

The following entities comprise the military housing area (MHA):

County/City	Population
Bristol	534678
Bristol	50648
Newport	85433
Total	670,759

## Child Care

This attribute captures the number of nationally accredited child-care centers within the local community: 3

## Cost of Living

Cost of Living provides a relative measure of cost of living in the local community. General Schedule (GS) Locality Pay provides a relative scale to compare local salaries with government salaries and Basic Allowance for Housing (BAH) is an indicator of the local rental market. In-state tuition is an indicator of the support provided by the state for active duty family members to participate in higher-level education opportunities.

Median Household Income (US Avg \$41,994)	\$6,868	Basis: 3 of 3 counties
Median House Value (US Avg \$119,600)	\$164,524	
GS Locality Pay ("Rest of US" 10.9%)	17.0%	
O-3 with Dependents BAH Rate	\$1,952	
In-state Tuition for Family Member	Yes	
In-state Tuition Continues if Member PCSs Out of State	No	

## Education

This attribute defines the population in local school districts and identifies capacity. The pupil/teacher ratio, graduation rate, percentage of certified teachers and composite SAT I/ACT scores provide a relative quality indicator of education. This attribute also attempts to give communities credit for the potential intellectual capital they provide.

NOTE: “MFR” means a Memorandum For Record is on file at the installation/activity/agency to document problems in obtaining the required information. Reasons for not being able to obtain information may be that the school district refused to provide the information or the school district does not use or track the information.

If the installation/activity/agency has incomplete information from the local school system in order to accurately compute a score in this area, the number of school districts reporting information will be captured in addition to the computed answer.

		Basis
School District(s) Capacity	23,090	8 of 8 districts
Students Enrolled	20,284	8 of 8 districts
Average Pupil/Teacher Ratio	21.5:1	8 of 8 districts
High School Students Enrolled	5,915	7 of 7 districts
Average High School Graduation Rate (US Avg 67.3%)	98.5%	7 of 7 districts
Average Composite SAT I Score (US Avg 1026)	1016	7 of 7 districts
Average ACT Score (US Avg 20.8)		7 of 7 districts
Available Graduate/PhD Programs	5	
Available Colleges and/or Universities	6	
Available Vocational and/or Technical Schools	3	

## Employment

Unemployment and job growth rates provide a relative merit of job availability in the local community. National rates from the Bureau of Labor Statistics are also provided.

The unemployment rates for the last five-years:

	1999	2000	2001	2002	2003
Local Data	3.7%	3.6%	3.8%	4.2%	4.3%
National	4.2%	4.0%	4.7%	5.8%	6.0%
Basis:	1 of 3 counties				

The annual job growth rate for the last five-years:

	1999	2000	2001	2002	2003
Local Data	5.2%	1.7%	.8%	.8%	3.7%
National	1.5%	2.4%	.03%	-.31%	.86%
Basis:	1 of 3 counties				

## Housing

This attribute provides an indication of availability of housing, both sales and rental, in the local community. Note: according to the 2000 Census, Vacant Sale and Vacant Rental Units do not equal Total Vacant Housing Units; Total Vacant Housing Units may also include units that are vacant but not on the market for sale or rent.

Total Vacant Housing Units	5,181	Basis: 3 of 3 counties
Vacant Sale Units	267	
Vacant Rental Units	1,106	

## Medical Providers

This attribute provides an indicator of availability of medical care for military and DoD civilians in the local community. The table reflects the raw number of physicians/beds and ratio of physicians/beds to population.

	# Physicians	# Beds	Population	
Local Community	2,476	1,966	1,256,085	Basis: special
Ratio	1:507	1:639		
National Ratio (2003)	1:421.2	1:373.7		

## Safety/Crime

The local community's Uniform Crime Reports (UCR) Index for 2002 per 100,000 people and the national UCR based on information from the Federal Bureau of Investigation (FBI) for 2002:

Local UCR	3,589.1	Basis: special
National UCR	4,118.8	

## Transportation

Distance to an airport shows convenience and availability of airline transportation. Public transportation shows potential for members and DoD civilians to use it to commute to/from work under normal circumstances and for leisure.

Distance from NAVSTA\_NEWPORT\_RI to nearest commercial airport: 27.0 miles  
Is NAVSTA\_NEWPORT\_RI served by regularly scheduled public transportation? Yes

## Utilities

This attribute identifies a local community's water and sewer systems' ability to receive 1,000 additional people.

Does the local community's water system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

Does the local community's sewer system have the ability to meet an expanded need of an additional 1,000 people moving in the local community? Yes

**INSTALLATION ENVIRONMENTAL PROFILE**  
**NAVY SUPPLY CORPS SCHOOL, GA**

**1. Air Quality (DoD Question #210-225):**

- a. The Clean Air Act (CAA) establishes health-based standards for air quality and all areas of the country are monitored to determine if they meet the standards. A major limiting factor is whether the installation is in an area designated nonattainment or maintenance (air quality is not meeting the standard) and is therefore subject to more stringent requirements, including the CAA General Conformity Rule. Conformity requires that any new emissions from military sources brought into the area must be offset by credits or accounted for in the State Implementation Plan (SIP) emissions budget. The criteria pollutants of concern include: CO, O3 (1 hour & 8 Hour), and PM (PM10, and PM2.5). Installations in attainment areas are not restricted, while activities for installations in non-attainment areas may be restricted. Non-attainment areas are classified as to the degree of non-attainment: Marginal, Moderate, Serious, and in the case of O3, Severe and Extreme. SIP Growth Allowances and Emission Reduction Credits are tools that can be used to accommodate increased emissions in a manner that conforms to a state's SIP. All areas of the country require operating permits if emissions from stationary sources exceed certain threshold amounts. Major sources already exceed the amount and are subject to permit requirements. Synthetic minor means the base has accepted legal limits to its emissions to stay under the major source threshold. Natural or true minor means the actual and potential emissions are below the threshold.
- b. **NAVY SUPPLY CORPS SCHOOL, GA is in Attainment for all Criteria Pollutants. It did not report holding an CAA Operating Permit.**

**2. Cultural/Archeological/Tribal Resources (DoD Question #229-237):**

- a. Many installations have historical, archeological, cultural and Tribal sites of interest. These sites and access to them often must be maintained, or consultation is typically required before changes can be made. The sites and any buffers surrounding them may reduce the quantity or quality of land or airspace available for training and maneuvers or even construction of new facilities. The presence of such sites needs to be recognized, but the fact that restrictions actually occur is the overriding factor the data call is trying to identify. A programmatic agreement with the State Historic Preservation Office (SHPO) facilitates management of these sites.
- b. **Historic property has been identified on NAVY SUPPLY CORPS SCHOOL, GA.** There is a programmatic agreement for historic property in place with the SHPO. It **does not have** sites with high archeological potential identified.

**3. Dredging (DoD Question # 226-228):**

- a. Dredging allows for free navigation of vessels through ports, channels, and rivers. Identification of sites with remaining capacity for the proper disposal of dredge spoil is the primary focus of the profile. However, the presence of unexploded ordnance or any other impediment that restricts the ability to dredge is also a consideration.
- b. **NAVY SUPPLY CORPS SCHOOL, GA has no dredging requirement.**

**4. Land Use Constraints/Sensitive Resource Areas (DoD Question #198-201, 238, 240-247, 254-256, 273):**

- a. Land use can be encroached from both internal and external pressures. This resource area combines several different types of possible constraints. It captures the variety of constraints not otherwise covered by other areas that could restrict operations or development. The areas include electromagnetic radiation or emissions, environmental restoration sites (on and off installation), military munitions response areas, explosive safety quantity distance arcs, treaties, underground storage tanks, sensitive resource areas, as well as policies, rules, regulations, and activities of other federal, state, tribal and local agencies. This area also captures other constraining factors from animals and wildlife that are not endangered but cause

operational restrictions. This resource area specifically includes information on known environmental restoration costs through FY03 and the projected cost-to-complete the restoration.

- b. [NAVY SUPPLY CORPS SCHOOL, GA](#) reports that 9 unconstrained acres are available for development out of 58 total acres. [NAVY SUPPLY CORPS SCHOOL, GA](#) has spent \$0M thru FY03 for environmental restoration, and has estimated the remaining Cost to Complete at \$0M. [NAVY SUPPLY CORPS SCHOOL, GA does not have](#) Explosive Safety Quantity Distance Arcs.

**5. Marine Mammal/Marine Resources/Marine Sanctuaries (DoD Question #248-250, 252-253):**

- a. This area captures the extent of any restrictions on near shore or open water testing, training or operations as a result of laws protecting Marine Mammals, Essential Fish Habitat, and other related marine resources.
- b. [NAVY SUPPLY CORPS SCHOOL, GA](#) is not impacted by laws and regulations pertaining to Marine Mammal Protection Act, Essential Fish Habitats & Fisheries and Marine Sanctuaries, which may adversely restrict navigation and operations.

**6. Noise (DoD Question # 202-209, 239):**

- a. Military operations, particularly aircraft operations and weapons firing, may generate noise that can impact property outside of the installation. Installations with significant noise will typically generate maps that predict noise levels. These maps are then used to identify whether the noise levels are compatible with land uses in these noise-impacted areas. Installations will often publish noise abatement procedures to mitigate these noise impacts.
- b. [NAVY SUPPLY CORPS SCHOOL, GA does not have](#) noise contours that extend off the installation's property. It [does not have](#) published noise abatement procedures for the main installation.

**7. Threatened and Endangered Species/Critical Habitat (DoD Question #259-264)**

- a. The presence of threatened and endangered species (TES) can result in restrictions on training, testing and operations. They serve to reduce buildable acres and maneuver space. The data in this section reflects listed TES as well as candidate species, designated critical habitat as well as proposed habitat, and restrictions from Biological Opinions. The legally binding conditions in Biological Opinions are designed to protect TES, and critical habitat. The data call seeks to identify the presence of the resource, TES, candidate or critical habitat, even if they don't result in restrictions, as well places where restrictions do exist.
- b. [NAVY SUPPLY CORPS SCHOOL, GA](#) reported that federally-listed TES [are not present](#), candidate species [are not present](#), critical habitat [is not present](#), and that [NAVY SUPPLY CORPS SCHOOL, GA does not have](#) a Biological Opinion.

**8. Waste Management (DoD Question # 265-272):**

- a. This resource area identifies whether the installation has existing waste treatment and/or disposal capabilities, whether there is additional capacity, and in some case whether the waste facility can accept off-site waste. This area includes Resource Conservation and Recovery Act (RCRA) Treatment, Storage and Disposal facilities, solid waste disposal facilities, RCRA Subpart X (open/burning/open detonation) and operations.

- b. NAVY SUPPLY CORPS SCHOOL, GA does not have a permitted RCRA Treatment Storage and Disposal Facility (TSDF) . NAVY SUPPLY CORPS SCHOOL, GA does not have an interim or final RCRA Part X facility . NAVY SUPPLY CORPS SCHOOL, GA does not have an on-base solid waste disposal facility .

**9. Water Resources (DoD Question # 258, 274-299):**

- a. This resource area asks about the condition of ground and surface water, and the legal status of water rights. Water is essential for installation operations and plays a vital role in the proper functioning of the surrounding ecosystems. Contamination of ground or surface waters can result in restrictions on training and operations and require funding to study and remediate. Federal clean water laws require states to identify impaired waters and to restrict the discharge of certain pollutants into those waters. Federal safe drinking water laws can require alternative sources of water and restrict activities above groundwater supplies particularly sole source aquifers. Water resources are also affected by the McCarran Amendment (1952), where Congress returned substantial power to the states with respect to the management of water. The amendment requires that the Federal government waive its sovereign immunity in cases involving the general adjudication of water rights. On the other hand existence of Federal Reserve Water Rights can provide more ability to the government to use water on federal lands.
- b. NAVY SUPPLY CORPS SCHOOL, GA does not discharge to an impaired waterway. Groundwater contamination is not reported. Surface water contamination is not reported.

**10. Wetlands (DoD Question # 251, 257):**

- a. The existence of jurisdictional wetlands poses restraints on the use of land for training, testing or operations. In the data call the installations were asked to report the presence of jurisdictional wetlands and compare the percent of restricted acres to the total acres. The presence of jurisdictional wetlands may reduce the ability of an installation to assume new or different missions, even if they do not presently pose restrictions, by limiting the availability of land.
- b. NAVY SUPPLY CORPS SCHOOL, GA has no wetland restricted acres on the military installation.

**INSTALLATION ENVIRONMENTAL PROFILE**  
**WASHINGTON NAVY YARD, WASHINGTON D.C.**

**1. Air Quality (DoD Question #210-225):**

- a. The Clean Air Act (CAA) establishes health-based standards for air quality and all areas of the country are monitored to determine if they meet the standards. A major limiting factor is whether the installation is in an area designated nonattainment or maintenance (air quality is not meeting the standard) and is therefore subject to more stringent requirements, including the CAA General Conformity Rule. Conformity requires that any new emissions from military sources brought into the area must be offset by credits or accounted for in the State Implementation Plan (SIP) emissions budget. The criteria pollutants of concern include: CO, O<sub>3</sub> (1 hour & 8 Hour), and PM (PM<sub>10</sub>, and PM<sub>2.5</sub>). Installations in attainment areas are not restricted, while activities for installations in non-attainment areas may be restricted. Non-attainment areas are classified as to the degree of non-attainment: Marginal, Moderate, Serious, and in the case of O<sub>3</sub>, Severe and Extreme. SIP Growth Allowances and Emission Reduction Credits are tools that can be used to accommodate increased emissions in a manner that conforms to a state's SIP. All areas of the country require operating permits if emissions from stationary sources exceed certain threshold amounts. Major sources already exceed the amount and are subject to permit requirements. Synthetic minor means the base has accepted legal limits to its emissions to stay under the major source threshold. Natural or true minor means the actual and potential emissions are below the threshold.
- b. [Washington Navy Yard, Washington D.C. is not in Attainment for all Criteria Pollutants. It is in Severe Nonattainment for Ozone \(1 hr\). It holds a CAA Major Operating Permit. No emission credit program available. No SIP growth allowance has been allocated for this installation. Washington Navy Yard, Washington D.C. is in an area projected or proposed to be designated nonattainment for the 8-hour Ozone or the PM2.5 NAAQS.](#)

**2. Cultural/Archeological/Tribal Resources (DoD Question #229-237):**

- a. Many installations have historical, archeological, cultural and Tribal sites of interest. These sites and access to them often must be maintained, or consultation is typically required before changes can be made. The sites and any buffers surrounding them may reduce the quantity or quality of land or airspace available for training and maneuvers or even construction of new facilities. The presence of such sites needs to be recognized, but the fact that restrictions actually occur is the overriding factor the data call is trying to identify. A programmatic agreement with the State Historic Preservation Office (SHPO) facilitates management of these sites.
- b. [Historic property has been identified on Washington Navy Yard, Washington D.C.. There is a programmatic agreement for historic property in place with the SHPO. It has sites with high archeological potential identified, which do not restrict current construction and do not restrict current operations. The installation has potential archeological restrictions to future construction.](#)

**3. Dredging (DoD Question # 226-228):**

- a. Dredging allows for free navigation of vessels through ports, channels, and rivers. Identification of sites with remaining capacity for the proper disposal of dredge spoil is the primary focus of the profile. However, the presence of unexploded ordnance or any other impediment that restricts the ability to dredge is also a consideration.
- b. [Washington Navy Yard, Washington D.C. has no impediments to dredging.](#)

**4. Land Use Constraints/Sensitive Resource Areas (DoD Question #198-201, 238, 240-247, 254-256, 273):**

- a. Land use can be encroached from both internal and external pressures. This resource area combines several different types of possible constraints. It captures the variety of constraints not otherwise covered by other areas that could restrict operations or development. The areas include electromagnetic radiation or emissions, environmental restoration sites (on and off installation), military munitions response areas, explosive safety quantity distance arcs, treaties, underground storage tanks, sensitive resource areas, as well as policies, rules, regulations, and activities of other federal, state, tribal and local agencies. This area also captures other constraining factors from animals and wildlife that are not endangered but cause operational restrictions. This resource area specifically includes information on known environmental restoration costs through FY03 and the projected cost-to-complete the restoration.
- b. [Washington Navy Yard, Washington D.C.](#) reports that 0 unconstrained acres are available for development out of 71 total acres. [Washington Navy Yard, Washington D.C.](#) has spent \$18.3M thru FY03 for environmental restoration, and has estimated the remaining the Cost to Complete at \$13M. [It reports no constraints.](#) [Washington Navy Yard, Washington D.C. does not have](#) Explosive Safety Quantity Distance Arcs.

**5. Marine Mammal/Marine Resources/Marine Sanctuaries (DoD Question #248-250, 252-253):**

- a. This area captures the extent of any restrictions on near shore or open water testing, training or operations as a result of laws protecting Marine Mammals, Essential Fish Habitat, and other related marine resources.
- b. [Washington Navy Yard, Washington D.C.](#) is not impacted by laws and regulations pertaining to Marine Mammal Protection Act, Essential Fish Habitats & Fisheries and Marine Sanctuaries, which may adversely restrict navigation and operations.

**6. Noise (DoD Question # 202-209, 239):**

- a. Military operations, particularly aircraft operations and weapons firing, may generate noise that can impact property outside of the installation. Installations with significant noise will typically generate maps that predict noise levels. These maps are then used to identify whether the noise levels are compatible with land uses in these noise-impacted areas. Installations will often publish noise abatement procedures to mitigate these noise impacts.

- b. [Washington Navy Yard, Washington D.C.](#) does not have noise contours that extend off the installation's property. It [does not have](#) published noise abatement procedures for the main installation.

## **7. Threatened and Endangered Species/Critical Habitat (DoD Question #259-264)**

- a. The presence of threatened and endangered species (TES) can result in restrictions on training, testing and operations. They serve to reduce buildable acres and maneuver space. The data in this section reflects listed TES as well as candidate species, designated critical habitat as well as proposed habitat, and restrictions from Biological Opinions. The legally binding conditions in Biological Opinions are designed to protect TES, and critical habitat. The data call seeks to identify the presence of the resource, TES, candidate or critical habitat, even if they don't result in restrictions, as well places where restrictions do exist.
- b. [Washington Navy Yard, Washington D.C.](#) reported that federally-listed TES [are not present](#), candidate species [are not present](#), critical habitat [is not present](#), and that [Washington Navy Yard, Washington D.C.](#) [does not have](#) a Biological Opinion.

## **8. Waste Management (DoD Question # 265-272):**

- a. This resource area identifies whether the installation has existing waste treatment and/or disposal capabilities, whether there is additional capacity, and in some case whether the waste facility can accept off-site waste. This area includes Resource Conservation and Recovery Act (RCRA) Treatment, Storage and Disposal facilities, solid waste disposal facilities, RCRA Subpart X (open/burning/open detonation) and operations.
- b. [Washington Navy Yard, Washington D.C.](#) [does not have](#) a permitted RCRA Treatment Storage and Disposal Facility (TSDF). [Washington Navy Yard, Washington D.C.](#) [does not have](#) an interim or final RCRA Part X facility. [Washington Navy Yard, Washington D.C.](#) [does not have](#) an on-base solid waste disposal facility.

## **9. Water Resources (DoD Question # 258, 274-299):**

- a. This resource area asks about the condition of ground and surface water, and the legal status of water rights. Water is essential for installation operations and plays a vital role in the proper functioning of the surrounding ecosystems. Contamination of ground or surface waters can result in restrictions on training and operations and require funding to study and remediate. Federal clean water laws require states to identify impaired waters and to restrict the discharge of certain pollutants into those waters. Federal safe drinking water laws can require alternative sources of water and restrict activities above groundwater supplies particularly sole source aquifers. Water resources are also affected by the McCarran Amendment (1952), where Congress returned substantial power to the states with respect to the management of water. The amendment requires that the Federal government waive its sovereign immunity in cases involving the general adjudication of water rights. On the other hand existence of Federal Reserve Water Rights can provide more ability to the government to use water on federal lands.

- b. [Washington Navy Yard, Washington D.C. discharges](#) to an impaired waterway. Groundwater contamination [is](#) reported. Surface water contamination [is not](#) reported. The state requires permits for the withdrawal of groundwater.

**10. Wetlands (DoD Question # 251, 257):**

- a. The existence of jurisdictional wetlands poses restraints on the use of land for training, testing or operations. In the data call the installations were asked to report the presence of jurisdictional wetlands and compare the percent of restricted acres to the total acres. The presence of jurisdictional wetlands may reduce the ability of an installation to assume new or different missions, even if they do not presently pose restrictions, by limiting the availability of land.
- b. [Washington Navy Yard, Washington D.C.](#) has [no](#) wetland restricted acres on the military installation.

Candidate Recommendation: Close the Navy Supply Corps School Athens, GA. Relocate all education and training functions and the Center for Service Support to Naval Station Newport, RI. Relocate the Supply Corps Museum to the Washington Navy Yard, DC, and consolidate it with the Navy Museum.

Justification: Saves department funds by eliminating personnel and reducing operating costs. Consolidates Officer training.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is \$23.016M. The net of all costs and savings to the Department during the implementation period is a cost of \$4.544M. Annual recurring savings to the Department after implementation is \$6.565M, with a payback expected in three years. The net present value of the costs and savings to the Department over 20 years is a savings of \$56.821M.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 837 jobs (517 direct jobs and 320 indirect jobs) over 2006-2011 in the Athens-Clarke County, GA, Metropolitan Statistical Area, which is 0.86 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the communities to support missions, forces, and personnel.

Environmental Impacts: This recommendation may impact air quality at Naval Station Newport, which is in serious nonattainment for Ozone (1 hr.) This recommendation may impact cultural, archeological, or tribal resources at Naval Station Newport and Navy Supply Corps School Athens. Historical and archeological sites have been identified on the Navy Supply Corps School Athens. This recommendation will involve historic property at Naval Station Newport. Modifications to the exterior will need consultation with SHPO. Interior modifications can be done without consultation. This recommendation may impact water quality at Naval Station Newport, where water quality problems are reported. This recommendation has no impact on dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management or wetlands. This recommendation will increase solid waste disposal costs at Naval Station Newport and requires spending approximately \$8K for environmental compliance activities at Naval Station Newport. These costs were included in the payback calculation. This recommendation does not otherwise impact the costs of environmental restoration, waste management, and other environmental compliance activities

Deliberative Document – For Discussion Purposes Only – Do Not Release Under FOIA  
E&T-0004A

Supporting Information:

Competing Recommendations: There are no known competing recommendations affecting this scenario.

Force Structure Capabilities: This recommendation was constructed to accommodate the current and surge requirements. Since the manpower levels remain generally stable through FY 2011 within this Force & Infrastructure Category for all services, and end strength levels as reported in the 20-year Force structure plan remain relatively flat, it follows this recommendation is consistent with the 20-Year Force Structure Plan.

Military Value Analysis Results: This recommendation closes the Supply Corps School, Athens, GA, and relocates it to Newport, RI. In the area of Specialized Skills Training, Newport has a significantly higher quantitative military value score than Athens. The quantitative military value of the Supply Corps School, as a specialized skills training location was the determining factor regarding whether to close that installation. The closure of the Supply Corps School leaves two small tenants at Athens that also must be relocated. Military judgment was used to select the appropriate receiving locations. The Center for Service Support, which establishes curricula for service support training, is moved to Newport to be collocated with other training activities. The Supply Corps Museum is moved to the Washington Navy Yard so it can be consolidated with the Navy Museum at that location.

# E&T-0004A

**Candidate Recommendation:** Close the Navy Supply Corps School Athens, GA. Relocate all education and training functions and the Center for Service Support to Naval Station Newport, RI. Relocate the Supply Corps Museum to the Washington Navy Yard, DC, and consolidate it with the Navy Museum.

## Justification

- ✓ Closes a fence line
- ✓ Saves money by eliminating personnel and reducing operating costs
- ✓ Consolidates Officer training

## Military Value

- ✓ SST: Newport has higher MV score
  - ✓ Co-Location with other Officer training to increase overall Military Value

## Payback

- ✓ 1- Time Cost: \$23.016M
- ✓ Net Implementation Costs: \$4.544M
- ✓ Annual Recurring Savings: \$6.565M
- ✓ Payback Period: 3 Years
- ✓ NPV Savings \$56.821M

## Impacts

- ✓ Criterion 6: -837 jobs (517 direct, 320 indirect); 0.86%
- ✓ Criterion 7: No issues
- ✓ Criterion 8: No impediments

INSTALLATION ENVIRONMENTAL PROFILE  
**NAVAL STATION NEWPORT, RI**

**1. Air Quality (DoD Question #210-225):**

- a. The Clean Air Act (CAA) establishes health-based standards for air quality and all areas of the country are monitored to determine if they meet the standards. A major limiting factor is whether the installation is in an area designated nonattainment or maintenance (air quality is not meeting the standard) and is therefore subject to more stringent requirements, including the CAA General Conformity Rule. Conformity requires that any new emissions from military sources brought into the area must be offset by credits or accounted for in the State Implementation Plan (SIP) emissions budget. The criteria pollutants of concern include: CO, O<sub>3</sub> (1 hour & 8 Hour), and PM (PM<sub>10</sub>, and PM<sub>2.5</sub>). Installations in attainment areas are not restricted, while activities for installations in non-attainment areas may be restricted. Non-attainment areas are classified as to the degree of non-attainment: Marginal, Moderate, Serious, and in the case of O<sub>3</sub>, Severe and Extreme. SIP Growth Allowances and Emission Reduction Credits are tools that can be used to accommodate increased emissions in a manner that conforms to a state's SIP. All areas of the country require operating permits if emissions from stationary sources exceed certain threshold amounts. Major sources already exceed the amount and are subject to permit requirements. Synthetic minor means the base has accepted legal limits to its emissions to stay under the major source threshold. Natural or true minor means the actual and potential emissions are below the threshold.
- b. **Naval Station Newport, RI is not in Attainment for all Criteria Pollutants. It is in Serious Nonattainment for Ozone (1 hr). It is in Moderate Nonattainment for Ozone (8 hour). It holds a CAA Major Operating Permit. No emission credit program available. No SIP growth allowance has been allocated for this installation. Naval Station Newport, RI is in an area projected or proposed to be designated nonattainment for the PM<sub>2.5</sub> NAAQS.**

**2. Cultural/Archeological/Tribal Resources (DoD Question #229-237):**

- a. Many installations have historical, archeological, cultural and Tribal sites of interest. These sites and access to them often must be maintained, or consultation is typically required before changes can be made. The sites and any buffers surrounding them may reduce the quantity or quality of land or airspace available for training and maneuvers or even construction of new facilities. The presence of such sites needs to be recognized, but the fact that restrictions actually occur is the overriding factor the data call is trying to identify. A programmatic agreement with the State Historic Preservation Office (SHPO) facilitates management of these sites.
- b. **Historic property has been identified on Naval Station Newport, RI. There is no programmatic agreement for historic property in place with the SHPO. It has sites with high archeological potential identified, which do not restrict current construction and do not restrict current operations. The installation has potential archeological restrictions to future construction.**

**3. Dredging (DoD Question # 226-228):**

- a. Dredging allows for free navigation of vessels through ports, channels, and rivers. Identification of sites with remaining capacity for the proper disposal of dredge spoil is the primary focus of the profile. However, the presence of unexploded ordnance or any other impediment that restricts the ability to dredge is also a consideration.
- b. **Naval Station Newport, RI has no dredging requirement.**

**4. Land Use Constraints/Sensitive Resource Areas (DoD Question #198-201, 238, 240-247, 254-256, 273):**

- a. Land use can be encroached from both internal and external pressures. This resource area combines several different types of possible constraints. It captures the variety of constraints not otherwise covered by other areas that could restrict operations or development. The areas include electromagnetic radiation or emissions, environmental restoration sites (on and off installation), military munitions response areas, explosive safety quantity distance arcs, treaties, underground storage tanks, sensitive resource areas, as well as policies, rules, regulations, and activities of other federal, state, tribal and local agencies. This area also captures other constraining factors from animals and wildlife that are not endangered but cause operational restrictions. This resource area specifically includes information on known environmental restoration costs through FY03 and the projected cost-to-complete the restoration.
- b. [Naval Station Newport, RI](#) reports that 181 unconstrained acres are available for development out of 737 total acres. [Naval Station Newport, RI](#) has spent \$77.1M thru FY03 for environmental restoration, and has estimated the remaining the Cost to Complete at \$41M. [Naval Station Newport, RI has Explosive Safety Quantity Distance Arcs, none of which require safety waivers, and none with the potential for expansion.](#)

**5. Marine Mammal/Marine Resources/Marine Sanctuaries (DoD Question #248-250, 252-253):**

- a. This area captures the extent of any restrictions on near shore or open water testing, training or operations as a result of laws protecting Marine Mammals, Essential Fish Habitat, and other related marine resources.
- b. [Naval Station Newport, RI is not](#) impacted by laws and regulations pertaining to Marine Mammal Protection Act, Essential Fish Habitats & Fisheries and Marine Sanctuaries, which may adversely restrict navigation and operations.

**6. Noise (DoD Question # 202-209, 239):**

- a. Military operations, particularly aircraft operations and weapons firing, may generate noise that can impact property outside of the installation. Installations with significant noise will typically generate maps that predict noise levels. These maps are then used to identify whether the noise levels are compatible with land uses in these noise-impacted areas. Installations will often publish noise abatement procedures to mitigate these noise impacts.
- b. [Naval Station Newport, RI does not have](#) noise contours that extend off the installation's property. It [does not have](#) published noise abatement procedures for the main installation.

**7. Threatened and Endangered Species/Critical Habitat (DoD Question #259-264)**

- a. The presence of threatened and endangered species (TES) can result in restrictions on training, testing and operations. They serve to reduce buildable acres and maneuver space. The data in this section reflects listed TES as well as candidate species, designated critical habitat as well as proposed habitat, and restrictions from Biological Opinions. The legally binding conditions in Biological Opinions are designed to protect TES, and critical habitat. The data call seeks to identify the presence of the resource, TES, candidate or critical habitat, even if they don't result in restrictions, as well places where restrictions do exist.

- b. [Naval Station Newport, RI](#) reported that federally-listed TES [are not present](#), candidate species [are not present](#), critical habitat [is not present](#), and that [Naval Station Newport, RI does not have a Biological Opinion](#).

**8. Waste Management (DoD Question # 265-272):**

- a. This resource area identifies whether the installation has existing waste treatment and/or disposal capabilities, whether there is additional capacity, and in some case whether the waste facility can accept off-site waste. This area includes Resource Conservation and Recovery Act (RCRA) Treatment, Storage and Disposal facilities, solid waste disposal facilities, RCRA Subpart X (open/burning/open detonation) and operations.
- b. [Naval Station Newport, RI does not have](#) a permitted RCRA Treatment Storage and Disposal Facility (TSDF). [Naval Station Newport, RI does not have](#) an interim or final RCRA Part X facility. [Naval Station Newport, RI does not have an on-base solid waste disposal facility](#).

**9. Water Resources (DoD Question # 258, 274-299):**

- a. This resource area asks about the condition of ground and surface water, and the legal status of water rights. Water is essential for installation operations and plays a vital role in the proper functioning of the surrounding ecosystems. Contamination of ground or surface waters can result in restrictions on training and operations and require funding to study and remediate. Federal clean water laws require states to identify impaired waters and to restrict the discharge of certain pollutants into those waters. Federal safe drinking water laws can require alternative sources of water and restrict activities above groundwater supplies particularly sole source aquifers. Water resources are also affected by the McCarran Amendment (1952), where Congress returned substantial power to the states with respect to the management of water. The amendment requires that the Federal government waive its sovereign immunity in cases involving the general adjudication of water rights. On the other hand existence of Federal Reserve Water Rights can provide more ability to the government to use water on federal lands.
- b. [Naval Station Newport, RI discharges](#) to an impaired waterway. Groundwater contamination [is reported](#). Surface water contamination [is not reported](#). The state requires permits for the withdrawal of groundwater. The installation reported restrictions or controls that limited the production or distribution of potable water. [Exceedances of drinking water standards are reported, during at least one of the last three reporting periods](#).

**10. Wetlands (DoD Question # 251, 257):**

- a. The existence of jurisdictional wetlands poses restraints on the use of land for training, testing or operations. In the data call the installations were asked to report the presence of jurisdictional wetlands and compare the percent of restricted acres to the total acres. The presence of jurisdictional wetlands may reduce the ability of an installation to assume new or

different missions, even if they do not presently pose restrictions, by limiting the availability of land.

- b. [Naval Station Newport, RI](#) has 1.8% wetland restricted acres on the military installation.

## Summary of Scenario Environmental Impacts

**DON-0126A**

Action 1: Close all base operations at Navy Supply Corps School, Athens GA.

Action 2: Realign Navy Supply Corps School, Athens GA to relocate the Center for Service Support to NAVSTA Newport, RI

Action 3: Realign Navy Supply Corps School, Athens GA by consolidating the Supply Corps Museum with the Navy Museum at the Washington Navy Yard, Washington DC.

Action 4: Disestablish Naval Hospital Jacksonville, FL function Branch Medical Clinic, Athens, GA.

Action 5: Disestablish Naval Dental Center Southeast Jacksonville, FL function Branch Dental Clinic Athens, GA.

## General Environmental Impacts

<b>Environmental Resource Area</b>	<b>Navy Supply Corps School Athens, GA (Installation Closed)</b>	<b>Washington Naval Yard, Washington DC (Gaining Installation)</b>	<b>Naval Station Newport, RI (Gaining Installation)</b>
Air Quality	No impact.	No impact.	NAVSTA Newport is in serious nonattainment for Ozone (1 hr).
Cultural/Archeological/Tribal Resources	Historic and archeological sites have been identified on the Navy Supply Corps School Athens.	No impact.	Scenario will involve historic property. Modifications to the exterior will need consultation with SHPO. Interior modifications can be done without consultation.
Dredging	No impact.	No impact.	No impact.
Land Use Constraints/Sensitive Resource Areas	No impact.	No impact.	No issues with this action. New MILCON is all Rehab of existing structures.

Marine Mammals/Marine Resources/ Marine Sanctuaries	No impact.	No impact.	No impact.
Noise	No impact.	No impact.	No impact.
Threatened& Endangered Species/Critical Habitat	No impact.	No impact.	No impact.
Waste Management	No impact.	No impact.	Solid Waste will increase but No issues with this action.
Water Resources	No impact.	No impact.	Potential issues with this action. Water Quality problems reported.
Wetlands	No impact.	No impact.	No impact.

### Impacts of Costs

<b>Selection Criterion 8 Environmental Points</b>	<b>Navy Supply Corps School, Athens, GA (Installation Closed)</b>	<b>Washington Naval Yard, Washington DC (Gaining Installation)</b>	<b>Naval Station Newport, RI (Gaining Installation)</b>
Environmental Restoration	Navy Supply Corps School does not have a DERA program requirement.	Installation reports \$18.3 Million spent through FY 03 with \$12.8 Million CTC (FY 04 to Completion)	Installation reports \$77.2 Million spent through FY 03 with \$41.4 Million CTC (FY 04 to Completion)
Waste Management	No impact.	No impact.	Solid Waste disposal costs expected to increase \$27,275/year.
Environmental Compliance	No NEPA costs required.	No NEPA costs required.	\$5K CAA Conformity Determination \$2K Air permit fees \$1K Air emission fees No NEPA costs required.

Summary:

-----  
 Scenario Name: E&T 0004R Close NAVSCSCOL Athens GA

Scenario Description:

Realign the Navy Supply Corps School (NAVSCSCOL) in Athens, GA by relocating all training functions and the Center for Service Support (CSS) to Naval Station, Newport RI

Relocate the Supply Corps Museum from NAVSCSCOL Athens GA to the Washington Navy Yard, Washington DC and Consolidate with the Navy Museum

Create XAthens (a hypothetical base used in COBRA) to leave USA recruiting activity, currently a tenant of NAVSCSCOL, in Athens.

FOOTNOTES FOR SCREEN ONE

Scenario Name: E&T 0004R Close NAVSCSCOL Athens GA

Scenario Description:

Realign the Navy Supply Corps School (NAVSCSCOL) in Athens, GA by relocating all training functions and the Center for Service Support (CSS) to Naval Station, Newport RI

Relocate the Supply Corps Museum from NAVSCSCOL Athens GA to the Washington Navy Yard, Washington DC and Consolidate with the Navy Museum

Create XAthens (a hypothetical base used in COBRA) to leave USA recruiting activity, currently a tenant of NAVSCSCOL, in Athens.

FOOTNOTES FOR SCREEN TWO

XAthens located 5 miles from NAVSCSCOL Athens. This distance encompasses the entirety of the metropolitan portion of Athens, GA.

FOOTNOTES FOR SCREEN THREE

4 USA recruiters currently tenant personnel at NAVSCSCOL will remain in Athens.

The following personnel movement numbers going to Newport, RI were certified and provided by Navy BRAC:

Navy Supply Corps School, Athens: 43 Officers, 25 Enlisted, 20 Civilians, 249 Students  
Navy Center for Service Support, Athens: 11 Officers, 21 Enlisted, 47 Civilians

FOOTNOTES FOR SCREEN FIVE

The following certified Screen #5 information was provided by the Navy BRAC Office:

Unique Closure Costs (NAVSCSCOL): \$1205 Costs associated with fielding electronic classrooms at the receiving site

One Time Moving Costs (NAVSCSCOL) (\$289): \$267 Special moving costs associated with museum, unique furniture, legacy training IT. \$22 for CSS furniture and workstations.

Miscellaneous Recurring Costs (NAVSCSCOL): \$24 for leased space associated with USA recruiting activity left in Athens

Environmental Non-Milcon(NAVSTA NEWPORT): \$8 for CAA Conformity Determination, Air and Emissions permits

One Time IT Costs (NAVSTA NEWPORT, RI): \$91 for telephone infrastructure and connectivity (outside the renovated space)

One Time Unique Costs (WASHINGTON NAVY YARD): \$490 Artifact management, storage, disposition, inventory and assessment

Miscellaneous Recurring Costs (WASHINGTON NAVY YARD): \$155.5 Recurring artifact management

Facilities shutdown at Athens account for 450,290 Square Feet
