Re: **PITTSBURGH, LAND & MORE**

July 10, 2005

The 911<sup>th</sup> Airlift Wing is vital to our nation's defense, and in a strategic location for homeland security. Pittsburgh's renown for its medical community and an excellent recruiting area. The 911<sup>th</sup> can support additional aircraft right now. Land is not the issue! The four runways afford any and all aircraft ready accessibility. "If it can fly, it can land at Pittsburgh!" This cost-effective operation also hosts a variety of tenant functions which result in taxpayer savings.

The data used in analyzing this base's military value was flawed! Relocating these aircraft would not best serve our military defense posture, nor would it result in retaining the assigned, qualified personnel who have volunteered to serve. Additionally, more monies will have to spent at the gaining bases to support this. The 911<sup>th</sup> AW should not be closed! It should be considered for expansion as part of a Joint Readiness Regional Center -- combining the 99<sup>th</sup> RSC and Charles E. Kelly Support Facility.

Sincerely,

Address:

1511 Homestead St.  
Verona, PA.  
15147.
