

DEPARTMENT OF THE NAVY
OFFICE OF THE SECRETARY
1000 NAVY PENTAGON
WASHINGTON DC 20350-1000

DCN 8837

5 August 2005

The Honorable Anthony J. Principi
Chairman
Defense Base Closure and Realignment Commission
2521 South Clark Street, Suite 600
Arlington, VA 22202

Dear Chairman Principi:

This is in response to your request of July 1, 2005 from Mr. Michael Kessler of your staff concerning implementation of BRAC 1991, 1993, and 1995. His question and our response are set forth below.

For BRACs 1991, 1993, and 1995, please provide for each move that involved a move of technical personnel, please provide data on from where the closing/realigning personnel came, where they were sent, how many of the technical employees were offered technical jobs at the gaining activity, and how many of them made the move.

I regret to advise you that the Department of the Navy does not have detailed records that enable us to respond to this question accurately. Unfortunately, because of the time that has elapsed since the implementation of BRAC 1991, 1993, and 1995, we have been unable to locate complete records of movements of technical personnel as a result of these BRAC rounds. In the absence of comprehensive personnel movement data for technical activities the Navy does not feel that it can accurately respond to your request.

I trust this information satisfactorily addresses your concerns. If we can be of further assistance, please let me know.

Sincerely,

A handwritten signature in cursive script that reads "Anne Rathmell Davis".
