To Whom it May Concern,

My name is Kristen Anderson-Rogers, I am a student at Buffalo State College, My husband Michael and I are desperately requesting that the Niagara Falls Air Base, in Niagara Falls, NY remains open. My father, SSGT Clifford D. Anderson Jr. is currently in Iraq servicing this great country and as an Army Reservist he reports to the Niagara Falls Air Base. My parents live in South Wales, and the drive to the Niagara County base is the most convenient for my father. If this airbase were to close he would have to drive a considerably longer distance for reserves.

I don't believe that these hard working men and women, who leave their families and many who give their lives, deserve this. Niagara County, Erie County, it doesn't matter where benefit from and need this airbase. Please keep the Niagara base open it is imperative in our continuing effort to defend our freedom. Thank You very much for your time.

Sincerely,

Kristen Anderson-Rogers

Dear Mr. Principi,

My name is Briana Archie and I am 11 years old. I'm in the fifth grade and I attend school at Henry J. Hall's Magnet School in Niagara Falls.

The airbase should stay open because the airbase and soldiers are my protection and without it I would feel very unsecure.

Please do not close the airbase because it would mean so much to me and many other people.

Yours Truly,
Briana Archie

Dear Mr. Principi,

My name is Christina Beal and I am 11 years old, and I go to Henry J. Kalfas Magnet School in Niagara Falls. I am also in fifth grade.

The airbase is important to me because I feel protected every night, and every day. If the airbase gets closed down over hundreds of people will lose their jobs, and it will affect their family. Also it will take away most of our protection, and it will make me feel less safe in my own home.

This is why I think the airbase should stay opened. It will also make me feel a lot better about having more protection in Niagara Falls.

Yours truly,
Christina Beal

My name is Kenyon Rizzo. I have always gone to the airbase to see the air shows and I had a lot of fun there so if it shuts down, many people including me and my mom and my brother won't see the planes anymore. Also because there are so many people working at the airbase that they will lose their jobs and won't get money. Normally I would know that they would find other jobs but now I found out that people are struggling to find a job as we speak. They might even need to move to a new city or even state so please don't shut down permanently for the sake of the people that work for you.

I think that you should keep the airbase here because without it, I think more trouble would come here and I would feel safe! After September 11, 2001, I was scared and if you take the airbase away then if something else happens like that then there will be no soldiers to fight for the U.S. and we need them because anything could happen to us and I don't want to be scared to sleep at night.

Hi my name is Aaliyah White-Houston and I attend Kalfas Magnet School in Niagara Falls, NY. The reason I'm writing this letter is because I think the Niagara Falls Airbase needs to stay open.

The reason I think the Airbase needs to stay open is for Niagara Falls citizens protection. Without this protection people who we don't want here could invade us and change our city and homes.

These are some of the reasons I think the Niagara Falls Airbase should stay open because the city of should stay as safe as possible.

After 9-11 happened I really got scared every time a plane or helicopter flew by, I still even get scared that it might crash. But then I think that the Niagara Falls airbase is here to protect me and my family. If you guys are just closing it because of money, then you need to send the soldiers back from Iraq. Then you would have enough money for the Niagara Falls airbase.
