- Establish 18 PAA A-10 aircraft at the 188th Fighter Wing (ANG), Fort Smith Air Guard Station, Arkansas.
- Establish 18 PAA F-16 aircraft at the 144th Fighter Wing (ANG), Fresno Air Terminal Air Guard Station, California.

Establish a contiguous enclave for the 188th Fighter Wing (ANG) sufficient to support operations of that unit, including flight operations, compatible with joint use of the Air Guard Station as a civilian airport. The Home Station Training Site moves to Savannah, Georgia.

If the State of Arkansas decides to change the organization, composition and location of the 188th Fighter Wing (ANG) to integrate the unit into the Future Total Force, all personnel allotted to the 188th Fighter Wing (ANG), including the unit's Expeditionary Combat Support (ECS) elements, will remain in place and assume a mission relevant to the security interests of the State of Arkansas and consistent with the integration of the unit into the Future Total Force, including but not limited to air mobility, C4ISR, Information Operations, engineering, flight training or unmanned aerial vehicles. Where appropriate, unit personnel will be retrained in skills relevant to the emerging mission. This recommendation does not effect a change to the authorized end-strength of the Arkansas Air National Guard. The Aerial Port Squadron located at Martin State Air Guard Station, Maryland will move to Andrews Air Force Base, Maryland.

If the State of Maryland decides to change the organization, composition and location of the 175th Wing (ANG) to integrate the unit into the Future Total Force, all other personnel allotted to the 175th Wing (ANG) will remain in place and assume a mission relevant to the security interests of the State of Maryland and consistent with the integration of the unit into the Future Total Force, including but not limited to air mobility, C4ISR, Information Operations, engineering, flight training or unmanned aerial vehicles. ¹¹⁹ As a technical correction, the Commission deleted the language "Bradley International Airport Air Guard Station, CT" and inserted in its place the language "Barnes Municipal Airport Air Guard Station, MA" to reflect the intent of the Commission. Because the air superiority fighter basing in that region was relocated from Otis ANGB to Barnes AGS, the ASA facility must also be relocated to Barnes AGS, rather than to Bradley Field.

105. HECTOR INTERNATIONAL AIRPORT AIR GUARD STATION, ND (AF 38)

- a. **Realign Hector International Airport Air Guard Station, ND.** The 119th Fighter Wing (ANG) will be redesignated as an Unmanned Aerial Vehicle wing; the Armed Forces Reserve Center planned for construction on Hector Field will be expanded to include sufficient facilities to accommodate at minimum the UAV ground control and intelligence analysis functions and expeditionary combat support elements, including fire, crash and rescue services, of the 119th Wing (ANG), in addition to the units already identified in Army Recommendation 73, **Reserve Component Transformation in North Dakota**; and the Air Force will retain, adapt or construct appropriate facilities on Grand Forks Air Force Base appropriate to launch, recover, maintain and support the Unmanned Aerial Vehicles assigned to the 119th Wing (ANG). The Commission explicitly rejects the language contained in justification to the recommendation by the Secretary of Defense that there will be ‘no flying mission backfill’ at Hector Field.¹⁴² The wing’s expeditionary combat support elements remain in place.

106. MANSFIELD-LAHM MUNICIPAL AIRPORT AIR GUARD STATION, OH (AF 39)

- a. **Realign Mansfield-Lahm Municipal Airport Air Guard Station (AGS), OH.** Distribute the 179th Airlift Wing’s C-130H aircraft to meet the Primary Aircraft Authorizations (PAA) requirements established by the Base Closure and Realignment recommendations of the Secretary of Defense, as amended by the Defense Base Closure and Realignment Commission.
- Establish 8 C-130H PAA at the 908th Airlift Wing (AFR), Maxwell Air Force Base, Alabama.

¹⁴¹ By Motion 104-4A, the Commission struck the language “**Realign McConnell Air National Guard (ANG) Base** by relocating the 184th Air Refueling Wing (ANG) nine KC-135R aircraft to the 190th Air Refueling Wing at Forbes Field AGS, KS, which will retire its eight assigned KC-135E aircraft.” and inserted in its place, “**Realign McConnell Air National Guard (ANG) Base** by distributing the 184th Air Refueling Wing’s (ANG) nine KC-135R/T aircraft to meet the PAA requirements established by the Base Closure and Realignment recommendations of the Secretary of Defense, as amended by the Base Closure and Realignment Commission. The 184th Air Refueling Wing KC-135E aircraft will be transferred to the AMARC at Davis-Monthan AFB, AZ, for appropriate disposal as economically unserviceable aircraft.”

¹⁴² By Motion 105-4A, the Commission struck the language the Commission strike the language “The 119th Fighter Wing’s F-16s (15 aircraft) retire,” and insert in its place “With the consent of the State of North Dakota, as expressed in the Governor’s August 4th letter to the Commission, and consistent with Air Force plans, the 119th Fighter Wing (ANG) will be redesignated as an Unmanned Aerial Vehicle wing; the Armed Forces Reserve Center planned for construction on Hector Field will be expanded to include sufficient facilities to accommodate at minimum the UAV ground control and intelligence analysis functions and expeditionary combat support elements, including fire, crash and rescue services, of the 119th Wing (ANG), in addition to the units already identified in Army Recommendation 73, Reserve Component Transformation in North Dakota; and the Air Force will retain, adapt or construct appropriate facilities on Grand Forks Air Force Base appropriate to launch, recover, maintain and support the Unmanned Aerial Vehicles assigned to the 119th Wing (ANG). The Commission explicitly rejects the language contained in justification to the recommendation by the Secretary of Defense that there will be ‘no flying mission backfill’ at Hector Field.”

The Commission also made an additional statement that “This motion, even though it deletes the language “the 119th Fighter Wing’s F-16s retire,” does not preclude the Air Force from executing the already programmed retirement of the aircraft currently based at Hector Field. All that deletion is intended to do is to ensure flexibility for the Air Force and to keep the Commission out of business that is purely programmatic, outside the realm of the Base Closure Act. If the Air Force isn’t permitted to retire those aircraft as programmed, this action wouldn’t make any sense.”

As a technical correction, the Commission deleted the language “With the consent of the State of North Dakota, as expressed in the Governor’s August 4th letter to the Commission, and consistent with Air Force plans,” from the motion. The portion of the August 4, 2005 letter from the Governor and Congressional Delegation that referred to the 119th Fighter Wing first urged the Commission to strike the recommendation of Secretary of Defense, retaining the F-16 aircraft at Hector Field with the 119th Fighter Wing. Failing that, the letter asked that the Commission amend the Secretary’s recommendation to strike the “no flying mission” language found in the Secretary’s justification and insert language to reflect the statements of the Air Force that the 119th Fighter Wing would receive an Unmanned Aerial Vehicle.

Chapter III. Department of the Air Force Recommendations

- Establish a contiguous enclave for the 179th Airlift Wing (ANG) sufficient to support operations of that unit, including flight operations, and compatible with joint use of the Mansfield-Lahm Municipal Airport as a civilian airport.

If the State of Ohio decides to change the organization, composition and location of the 179th Airlift Wing (ANG) to integrate the unit into the Future Total Force, all personnel allotted to the 179th Airlift Wing (ANG), including the unit's Expeditionary Combat Support (ECS) elements, will remain in place and assume a mission relevant to the security interests of the State of Ohio and consistent with the integration of the unit into the Future Total Force, including but not limited to air mobility, C4ISR, Information Operations, engineering, flight training or unmanned aerial vehicles. Where appropriate, unit personnel will be retrained in skills relevant to the emerging mission.

This recommendation does not effect a change to the authorized end-strength of the Ohio Air National Guard. The distribution of aircraft currently assigned to the 179th Airlift Wing (ANG) is based upon a resource-constrained determination by the Department of Defense that the aircraft concerned will better support national security requirements in other locations and is not conditioned upon the agreement of the state.¹⁴³

¹⁹⁶ By Motion 146-3A, the Commission struck the language “Naval Research Laboratory (NRL).”

The Commission made the following additional statement:

NRL is a Secretary of the Navy Working Capital Fund Activity. Real property and BOS functions integral to the research and industrial functions at NRL will remain with the Commanding Officer. Because of Navy’s centralization of installation management functions, Naval District Washington provides non-mission related services to NRL already, such as Morale, Welfare, and Recreation and food services. This is not intended to alter that relationship.

And further, as pertains to the entire Joint Basing recommendation, the Commission states that manpower savings shall not be directed, as they are in the DoD proposal, but must be derived from standard manpower and functional analysis studies, and cooperative joint determinations between the affected installations. Moreover, the Department of Defense must provide DoD-wide standards for delivery of services and common definitions for those services before installation management functions are relocated from the losing activities.

²⁵⁵ By Motion 192-4A, the Commission added the recommendation “*Navy Broadway Complex, San Diego, CA*. 193. NAVAL AIR STATION OCEANA, VIRGINIA BEACH, VA²⁵⁶

- a. **Realign Naval Air Station Oceana, Virginia by relocating the East Coast Master Jet Base to Cecil Field, Florida**, if the Commonwealth of Virginia and the municipal governments of Virginia Beach, Virginia, and Chesapeake, Virginia, fail to enact and enforce legislation to prevent further encroachment of Naval Air Station Oceana by the end of March 2006, to wit, enact state-mandated zoning controls requiring the cities of Virginia Beach and Chesapeake to adopt zoning ordinances that require the governing body to follow Air Installation Compatibility Use Zone (AICUZ) guidelines in deciding discretionary development applications for property in noise levels 70 dB Day-Night, average noise Level (DNL) or greater; enact state and local legislation and ordinance to establish a program to condemn and

²⁵⁶ By Motion 193-4A, the Commission added the recommendation “*Naval Air Station, Oceana, VA. Realign Naval Air Station Oceana, Virginia by relocating the East Coast Master Jet Base to Cecil Field, Florida, if the Commonwealth of Virginia and the municipal governments of Virginia Beach, Virginia, and Chesapeake, Virginia, fail to enact and enforce legislation to prevent further encroachment of Naval Air Station Oceana by the end of March 2006, to wit, enact state-mandated zoning controls requiring the cities of Virginia Beach and Chesapeake to adopt zoning ordinances that require the governing body to follow Air Installation Compatibility Use Zone (AICUZ) guidelines in deciding discretionary development applications for property in noise levels 70 dB Day-Night, average noise Level (DNL) or greater; enact state and local legislation and ordinance to establish a program to condemn and purchase all the property located within the Accident Potential Zone 1 areas for Naval Air Station Oceana, as depicted for 1999 AICUZ pamphlet published by the U.S. Navy; codify the 2005 final Hampton Roads Joint Land Use Study recommendations; legislate requirements for the cities of Virginia Beach and Chesapeake to evaluate undeveloped properties in noise zones 70 dB DNL or greater for rezoning classification that would not allow uses incompatible under AICUZ guidelines; establish programs for purchase of development rights of the inter-facility traffic area between NAS Oceana and NALF Fentress; enact legislation creating the Oceana-Fentress Advisory Council; and if the State of Florida appropriates sufficient funds to relocate commercial tenants presently located at Cecil Field, Florida, appropriates sufficient funds to secure public-private ventures for all the personnel housing required by the Navy at Cecil Field to accomplish this relocation and turns over fee simple title to the property comprising the former Naval Air Station Cecil Field, including all infrastructure improvements that presently exist, to the Department on or before December 31, 2006, if the Commonwealth of Virginia and the municipal governments of Virginia Beach, Virginia, and Chesapeake, Virginia, decline from the outset to take the actions required above or within six months of the Commonwealth of Virginia and the municipal governments of Virginia Beach, Virginia, and Chesapeake, Virginia, failing to carry through with any of the actions set out above, whichever is later. The State of Florida may not encumber the title by any restrictions other than a reversionary clause in favor of the State of Florida and short-term tenancies consistent with the relocation of the Master Jet Base to Cecil Field.*”

If the Commonwealth of Virginia and the municipal governments of Virginia Beach, Virginia, and Chesapeake, Virginia, fail to take all of the prescribed actions and the State of Florida meets the conditions established by this recommendation, the units and functions that shall relocate to Cecil Field will include but are not limited to all of the Navy F/A-18 strike fighter wings, aviation operations and support schools, maintenance support, training, and any other additional support activities the Navy deems necessary and appropriate to support the operations of the Master Jet Base”

By Motion 193-4A, the Commission also made an “Additional Statement of the Commission,” directing that:

The BRAC 2005 report language shall state: “It is the sense of the Commission that the Secretary of Defense deviated from the BRAC criteria by failing to consider NAS Oceana for closure or realignment. The long-standing and steadily worsening encroachment problem around NAS Oceana, without strong support from state and city governments to eliminate current and arrest future encroachment, will in the long term create a situation where the military value of NAS Oceana will be unacceptably degraded. The remedies presented to the Commission thus far have been unconvincing. It is also the sense of the Commission that the future of naval aviation is not Naval Air Station Oceana. The Commission urges the Navy to begin immediately to mitigate the noise encroachment and safety issues associated with flight operations around the Virginia Beach area by transitioning high-density training evolutions to other bases that are much less encroached, such as Naval Outlying Field Whitehouse, Florida, or Kingsville, Texas.

The Secretary of Defense is directed to cause a rapid, complete due diligence review of the offer of the State of Florida to reoccupy the former NAS Cecil Field and to compare this review against any plan to build a new master jet base at any other location. This review is to be completed within six months from the date that the BRAC legislation enters into force and is to be made public to the affected states for comment. After review of the states' comments, which shall be submitted within 120 days after publishing the review, the Secretary of Defense shall forward to the oversight committees of Congress the review, the state comments, and his recommendation on the location of the Navy's future Atlantic Fleet Master Jet Base.”

A Bill to Make Recommendations to the President Under the Defense Base Closure and Realignment Act of 1990

Chapter XI. Reserved for Additional Recommendations of the Commission

purchase all the incompatible use²⁵⁷ property located within the Accident Potential Zone 1 areas for Naval Air Station Oceana, as depicted for 1999 AICUZ pamphlet published by the U.S. Navy and to fund and expend no less than \$15 million annually in furtherance of the aforementioned program;²⁵⁸ codify the 2005 final Hampton Roads Joint Land Use Study recommendations; legislate requirements for the cities of Virginia Beach and Chesapeake to evaluate undeveloped properties in noise zones 70 dB DNL or greater for rezoning classification that would not allow uses incompatible under AICUZ guidelines; establish programs for purchase of development rights of the inter-facility traffic area between NAS Oceana and NALF Fentress; enact legislation creating the Oceana-Fentress Advisory Council; it shall be deemed that the actions prescribed to be taken by the Commonwealth of Virginia, and the Cities of Virginia Beach, and Chesapeake respectively, by the end of March 2006 have not been taken in their entirety, unless the Department of Defense Inspector General²⁵⁹ so certifies in writing to the President and oversight committees of Congress by June 1, 2006²⁶⁰; and if the State of Florida appropriates sufficient funds to relocate commercial tenants presently located at Cecil Field, Florida, appropriates sufficient funds to secure public-private ventures for all the personnel housing required by the Navy at Cecil Field to accomplish this relocation and turns over fee simple title to the property comprising the former Naval Air Station Cecil Field, including all infrastructure improvements that presently exist, to the Department on or before December 31, 2006, if the Commonwealth of Virginia and the municipal governments of Virginia Beach, Virginia, and Chesapeake, Virginia, decline from the outset to take the actions required above or within six months of the Commonwealth of Virginia and the municipal governments of Virginia Beach, Virginia, and Chesapeake, Virginia, failing to carry through with any of the actions set out above, whichever is later. The State of Florida may not encumber the title by any restrictions other than a reversionary clause in favor of the State of Florida and short-term tenancies consistent with the relocation of the Master Jet Base to Cecil Field. It shall be deemed that the actions prescribed to be taken by the State of Florida and the City of Jacksonville respectively by the end of 31 December 2006 have not been taken in their entirety unless the Department of Defense Inspector General²⁶¹ so certifies in writing to the President and oversight committees of Congress by June 1, 2007.²⁶²

If the Commonwealth of Virginia and the municipal governments of Virginia Beach, Virginia, and Chesapeake, Virginia, fail to take all of the prescribed actions and the State of Florida meets the conditions established by this recommendation, the units and functions that shall relocate to Cecil Field will include but are not limited to all of the Navy F/A-18 strike fighter wings, aviation operations and support schools, maintenance support, training, and any other additional support activities the Navy deems necessary and appropriate to support the operations of the Master Jet Base.

²⁵⁷ By a motion offered by Commissioner Hill on August 26, 2005, the Commission struck the language “nonconforming use” and inserted in its place “incompatible use”.

²⁵⁸ By a motion offered by Commissioner Skinner August 24, 2005, the Commission inserted the language “and to fund and expend no less than \$15 million annually in furtherance of the aforementioned program”.

²⁵⁹ As a technical correction, the Commission deleted the language “Comptroller General of the Government Accountability Office” from the additional recommendation and inserted in its place the language “Department of Defense Inspector General,” to correct a legal error. The language that would have required the Comptroller General to certify the fulfillment of the conditions established by this recommendation conflicted with *Bowsher v. Synar*, 478 U.S. 714 (1986), and *INS v. Chadha*, 462 U.S. 916 (1983). By designating the Department of Defense Inspector General, in the place of the Comptroller General, the intent of the recommendation will be fulfilled.

²⁶⁰ Amendment by Chairman Principi August 26, 2005 “It shall be deemed that the actions prescribed to be taken by the Commonwealth of Virginia, and the Cities of Virginia Beach, and Chesapeake respectively, by the end of March 2006 have not been taken in their entirety, unless the Comptroller General of the Government Accountability Office certifies in writing to the President and oversight committees of Congress by June 1, 2006.”

197. NAVAL POSTGRADUATE SCHOOL, MONTEREY, CA, AND THE AIR FORCE INSTITUTE OF TECHNOLOGY, WRIGHT PATTERSON AIR FORCE BASE, OH²⁶⁴

- a. **Realign the Naval Postgraduate School, Monterey, California, and the Air Force Institute of Technology, Wright Patterson Air Force Base, Ohio**, by forming a new and permanent oversight board responsible for curriculum review and approval, and program development for the resident and non-resident degree-granting programs at both schools. The Board's duties will consist of those actions listed as 'Goals' in the Memorandum of Agreement that formed an Educational Alliance between the Secretaries of the Air Force and Navy on December 4, 2002. This Board will be located in the National Capital Region. By this recommendation, the newly formed board will also have the authority to:
- take action to eliminate unnecessary curricula and program duplication;

²⁶³ By Motion 195-4A, the Commission added the recommendation "*Galena Forward Operating Location, AK. Close Galena Forward Operating Location, Alaska.*"

²⁶⁴ By Motion 197-4A, the Commission added the recommendation "*Naval Postgraduate School, Monterey, CA, and the Air Force Institute of Technology, Wright Patterson Air Force Base, OH. 198. RELOCATE MEDICAL COMMAND HEADQUARTERS²⁶⁵

- a. **Realign²⁶⁶ the Potomac Annex, in the District of Columbia. Realign Bolling Air Force Base, District of Columbia. Realign Skyline, leased space in Falls Church, Virginia.** Collocate the Navy Bureau of Medicine, Office of the Surgeon General of the Air Force, the Air Force Medical Operating Activity, and the Air Force Medical Support Activity, Office of the Secretary of Defense (Health Affairs), Tricare Management Activity, Office of the Army Surgeon General and U.S. Army Medical Command to a single, contiguous site that meets the current Department of Defense Anti-Terrorism Force Protection standards for new construction at either the National Naval Medical Center, Bethesda, Maryland; Bolling Air Force Base, District of Columbia, or federally owned or leased space in the National Capital Region and consolidate common support activity.

²⁶⁵ By Motion 198-4A, the Commission added the recommendation “**Relocate Medical Command Headquarters. Close the Potomac Annex, in the District of Columbia. Realign Bolling Air Force Base, District of Columbia. Realign Skyline, leased space in Falls Church, Virginia.** Collocate the Navy Bureau of Medicine, Office of the Surgeon General of the Air Force, the Air Force Medical Operating Activity, and the Air Force Medical Support Activity, Office of the Secretary of Defense (Health Affairs), Tricare Management Activity, Office of the Army Surgeon General and U.S. Army Medical Command to a single, contiguous site that meets the current Department of Defense Anti-Terrorism Force Protection standards for new construction at either the National Naval Medical Center, Bethesda, Maryland; Bolling Air Force Base, District of Columbia, or federally owned or leased space in the National Capital Region and consolidate common support activity.”

²⁶⁶ As a technical correction, the Commission deleted the word “Close” and inserted in its place the word “**Realign**” to correct an error. The Potomac Annex contains more than the Navy Bureau of Medicine (BUMED). The relocation of BUMED will not result in a closure.
